To Whom It May Concern:

I am pleased to give Lisa Over my strongest possible recommendation. I became very familiar with the high quality of Lisa's work while she was pursuing her Teacher Certification in Mathematics through Robert Morris University. As a Mathematics Professor, I was impressed with not only the fact that she earned solid A's in her mathematics class, but that she wanted to understand ideas and concepts that were in addition to what the course required.

She was organized and had an excellent work ethic. She was also helping other members of her class in certain group study sessions. Lisa is a mature adult with high moral character and will do well at any task that she puts her effort.

In summary I give Lisa my strongest recommendation with no reservations. If I can be of further help or if you have any questions, please feel free to contact me at 412-397-4062, or Zimmerman@rmu.edu.

Sincerely,

A handwritten signature in cursive script that reads "Charles W. Zimmerman".
